Fall Brings New Opportunities

Reiki Renewal– Three Sessions for \$162

Starting September 1, we will be offering a new Reiki Renewal program which will allow you to book three reiki sessions for the discounted price of \$162 for the package. Reiki is a healing energy that moves deeply into your body, mind and spirit. It releases blocks in your system and seeks to readjust causal energies.

Each session will be an hour with 50 minutes of pure reiki flowing. The hand positions used will allow the reiki to touch every meridian in your body and heal every chakra.

Reiki is God's energy moving through the practitioner and your body actually draws it into your cells. There is a natural intelligence within this energy that directs the healing to the right and perfect places. Reiki is energy food for every level of your being. It not only builds your immune system, but it also creates a sense of health throughout

your consciousness.

By having three sessions within a month or so, you are able to enact a much deeper healing than just one session will allow. This is the perfect gift you can give yourself for a certain renewal on every level.

We will be offering the program through September and October. So book your sessions soon!

Health is the truth of our being- Let's claim it now!

Deep Meditations for Tuesday Nights

In Our Tuesday Night Program, we will be focusing on a new way to access the depth of our heart connection with God. We will be using a technique that is outlined in "Love Without End" by Glenda Green.

In the book, Jesus explains that the way we enter the heart can give us greater access to the inner spirit that we are. We will be using that approach every Tuesday to go deeper into the pure essence of our own spirit. This approach should enhance any meditation practice in amazing ways.

God Guides our Growth in Miraculous Ways!

How did Jesus Live the Christ?

Sunday Services

It is fall, and it is a natural time to grow and learn. This year, we will be looking at how Jesus lived the Christ as he interacted with the people of his day. His manner and focus will help us see a new way for us to look at our own lives.

In September, we will look at how Jesus, the man, dealt with issues he found as he shared his truth of God to the world.

Then in October, we will be looking at how he handled healings in a very individual way dependent on the person he was healing. As we look at his life, we will be better able to recognize how we can continually shine our Christ light no matter the circumstances.

When You Fall

**“Your guardian has seen you fall and does not condemn;
but would whisper in your heart, Courage.
Let us Raise you Again!”**

The Source of all our Strength by White Eagle

Jesus Teacher Healer

“On earth, if you desire to go to a particular function, you wear a dress suitable for the occasion, and if you do not clothe yourself rightly, you are unable to enter the function. How can man expect to participate in the joys of the heavenly life if he has no clothing, no aura, no senses developed which will enable him to contact such spheres of life?”

Meditation alone will not give you the requisite clothing, or vehicle, but simply being love in all your relationships will clothe you in raiment suitable for you to meet the king.”

by White Eagle

Three Steps Required in Achieving Christed Consciousness

1. **You must loose all Judgment.** Judgment attaches you to the thing you judge and holds it in place in your reality.
2. **You must step into unconditional love to all, including yourself.** Remembering that all are children of God, each choosing the experience that they need to grow, allows you to focus on your own choices and inner light. When you can love your experiences, you are love.
3. **You must learn to follow your inner guidance with a trusting and loving heart.** The God connection within is the oneness with Christ.

Affirmations to Inspire

I am an expansion of God energy every moment.
I am sharing my light with the world and the
World delights in my light and
lovingly shares all that I desire in return.

Seek first the counsel of God, and all things will be
Added unto you.

We are beings of pure white light. Be the totality of You!
Jim Scruggs

*By the authority of the Christ, the living Christ within me, I
command that my body be now perfect health.*

*I am now in the process of positive change. I deserve the
best.*

share them in our next newsletter!**

Church Pot Luck– October 29, 2023

Immediately following our Sunday Service on the 29th, we will gather in the Pavilion to Celebrate our church family! Please plan to attend and bring a dish to share. The church will provide a main dish of some kind. See you there!

Tuesday Nights

7:30pm- 9:00pm

Tuesday evenings allow us a hands-on experience to feel God in our hearts.

Join us as we move into that space that exists between the realities of our world and the illusions of our desires. It is our intention to connect with the pure energy of truth and potential that exists in our souls. We will touch the energy of the Beingness that we are— in this world and beyond.

In September, we will be working with the teachings of Jesus as written in Love Without End, by Glenda Green. We will be working with a unique way to enter the heart chakra to gain access to our true oneness with God.

“By entering the portals of the heart in this way, you will inherit the wisdom that was placed there for you from the beginning.”

Each week we will use this technique to explore a deeper layer of the universe as it flows through us. Join us as the repeated experiences will reveal a deeper and deeper sense of self.

Each Tuesday Night, we will open with our Healing Circle. If you are unable to make it, you can call in, or email your prayer requests or place them in the basket while you are here on Sunday. Each prayer is prayed over for 30 days, and individually blessed before releasing.

Thoughts of the Ministers

Not Mine

“Thy Kingdom come, thy will be done on Earth as it is in Heaven”. When my will and God’s will are one, I can experience Heaven on Earth. When our will (mans) and God’s will are one, we can experience Heaven on Earth.

We live in a time on planet earth when intuition must be our guide. Reason and logic are based on past experiences, we are now becoming aware of the “eternal now”. We won’t find the answers we seek by looking backwards. As we keep our vision high—on spirit—and remain grounded in our heart, our forward motion is assured. We will become aware of a new way of thinking, a new way of living, and our unique way of being. With new thought we can create a new world individually and collectively.

As we stop imagining the doom and gloom of past prophesy—and the news—perhaps we could image in a new reality of life on planet Earth. The time is Now!

We can begin the process by moving from hoping for a new experience to knowing we are the creators of our new experiences. This is what the age of Aquarius is about—change.

As we live, the tenets of the Aquarian age, transformation begins—individually and collectively. We are being asked to live in brotherhood with all of life. If we just observe our little children, we will see that the brotherhood of all life is their message. We need to just love the children. The children will lead.

Communication is important for it allows the free-flow of information and wisdom. Our part of communication we are being asked to develop is to become better listeners. To listen to all of life, allows us to connect with all of life.

We are being showered with the love and light of God to truly support our Spiritual Enlightenment—this just means our truth in being.

Hu-divine Man Being—Being divine man.

Jesus was the living word made manifest, and he said “Follow Me”. Discipline leads to dominion - remembering who we are and living in this consciousness is the way to experience Heaven on Earth.

We came to do this!

Patrick

Possibilities

This photo was taken by Patrick from inside the Glastonbury Tor in Glastonbury, England. I have always loved this shot because when it was taken, there was such a silence within the chapel and as you looked out at the land below you could see the wonders of life on planet Earth. Is this how we all feel when we make our entry into our new lifetimes at birth? We come from a space of silent serenity and enter a world of infinite possibilities of experiences.

My son once asked me, “when you were a child, if someone had told you all of the places you would visit as an adult, what would you have thought your job would have been?” And, of course, the little Cindy, the one who was raised in a home of limited funds, the one who was taught “to show up and get through” would probably have thought she was selling something, not that she was doing Spiritual work literally in Spiritual places of the world!

Infinite Possibilities of Experiences!

God’s light can flow through **any** open mind and heart. Some of us may think we are limited by the lessons we have chosen to learn in this lifetime, but God’s love and light can help us resolve these lessons easily or help us learn them through contribution rather than contrition.

The truth is your soul is contributing to the whole every moment of every day. Even in your walk through the grocery store, your thoughts are affecting the whole. When we can become aware of the awesome responsibility that we all have to create a heaven on earth, then our energies can coalesce to form the heightened frequency that will bless each one.

An elderly man once said to me, “when the tide comes in, all the boats are going to rise”. He was doing **volunteer** work cleaning the church I attended. He said that as the church prospers— he was going to prosper, simply because of the increase in energy! What Proud Faith!

Imagine the experiences that await us all when we can see this world as a place of God’s unlimited joy! As we share our lights, it is taken where it is needed, and we, also are taken where we are needed!

The love of a few can change the trajectory of the many because they channel a direct energy of God into that which has already been created.

And then through this heightened love, it can be created again—this time reflecting the wonder of the world God created for His Children to enjoy!

Infinite Possibilities of Experiences

My Love to all,
Cindy

The Way

All that's left of Yesterday
Is just a memory
If we miss it's meaning
The truth there for our gleening

The threads that weave the pattern
And manifest as life
Are fashioned by the weaver
In harmony or in strife

Experience is the teacher
The lesson plan is ours
To hold our vision, play our part
Or will we miss the mark

When our eye is single
And love becomes the goal
Oneness– is the truth we see
And ours is just to “Be”

Patrick**
