We love our Church Community, and we love to celebrate life together. For us, it is very important to spend some time with each other in a relaxed space of joy. This Turkey Day will provide just that. The event was created by our men’s group and has become a high point as we all prepare for our holiday season.

So on Sunday, Nov 10 immediately following the Sunday Service, we will be feasting on freshly cooked turkeys! Currently we have a Trash Can turkey, a Smoked turkey, Fried Turkey and several others coming. Some of these will actually be cooked on the premises that morning!

There will also be sides and deserts provided by members of the church. The assortment is going to be awesome! If you would like to bring something, you can sign up in the foyer. If you just want to come and feast with us, that is what it is all about! Bring your family and plan on staying a while.

Feasting will begin at 12pm. Bring your angel cards to share in mini readings with each other. The children can run and play. It will be a beautiful day for the community to gather and allow our love to create a space of peace and joy.

What better way to move into our Holidays than to gather with your Church Family and enjoy life, a moment of time, feasting on food and love!

## Inner Quest Festival

We are so thrilled with the energy of love that was created this past month at our Festival! Everyone that attended brought a light of love and celebration for life.

Our vendors had the most amazing goods. A good shopper could take care of a lot of their Christmas needs!

Our Food was also the best ever! We want to thank: Kristin and Doug for the premium beef and pork they provided! Dan Zalacain for donating his Chia Tea and Coffee to the fund raiser! And all the cooks and volunteers as well.

Our Readers were amazing! Everyone was overwhelmed at the love and guidance they received. And our Healers were also channels of the healing energy of God.

Without a doubt this year’s gathering had a special magic that allowed the energies to build all day long. Hearts were open and the connection between people and Spirit could definitely be seen.

Thank you for bringing your light and for making this day a wonderful experience of Peace on Earth! Your love means the world.

Our Next Festival will be **October 11, 2025**. Mark your Calendars today and plan on staying with us as we create a space of Heaven on Earth.

## Sunday Services

November 2024

**“We are one with the Loving Energy of God!”**

Welcome to November— as we move toward the completion of yet another year on this beautiful Earth, it is so important that we really look at our relationship with God. We know that God is in everything. Our Source of life. Our Source of Joy. Our Source in all things.

Join us in November as we learn how to walk as God’s beloved Child every day. It is not up to us to make things happen. It is up to us to be ready to receive and respond to the guidance and spiritual oneness that comes into our hearts and minds. God is “nearer than hands and feet”. God is in all...in us all.

### God is Love

All God seeks from you, His Child, is the devotion of your heart;  
He wants your heart for God, your heart for all that is good.  
For God is love, and he that loveth knoweth God and doeth what God wills;  
to him all things are possible.  
Have patience and keep on working for God.  
The Quiet Mind, by White Eagle

**We will be closed November 28 and 29 for the Thanksgiving holiday.**

Now you can purchase a “package deal” that will consist of three sessions of either Reiki, Color, or Crystal. Or mix them up if you would like. The “deal” reduces your normal payment by \$50! This is a great time to renew your energy for the holidays and explore different healing modalities.

### Welcome New Members 2024!

**Tamika Hunter Sherry Puricelli Clayton Woody**

**Malcolm & Patrice Scattergood**

We are so blessed to have these beautiful lights become official members of our Church Family! It is our prayer that God richly bless them in all that they do and that they feel the love of their church family supporting their work and “Seeing the Christ in them in every moment.”

### Therapy Stones

A Couple of months ago, we began a healing journey that Spirit had requested we take. Every month for six months, we were to use a single stone to assist us in realigning our vibrations and preparing us for the transformation we were seeking.

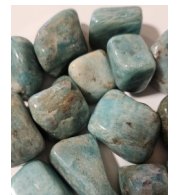

In September, we worked with **Mangano Calcite** to heal the heart wounds and release old patterns of pain.

In October, we worked with **Honey Calcite** to provide confidence and encouragement to accomplish. We took a step forward.

Now, in November, we will be working with **Amazonite!** This stone is associated with the heart and throat chakras. Now that we can love freely, we are encouraged to speak our love! The stone also helps with cell regeneration, inflammation, calms the emotional body and the nervous system. It amplifies hope and a knowing that you are doing great!

We are selling these stones for \$7. Get yours and take that next step in your transformation.

If you missed the first two, we still have a few available in our bookstore.

### **Our Christmas Kids**

We love to share our love with the world. This year, we are once again sponsoring children from Cherokee County DFCS. We are always on their contact list due to the generous hearts of our giving people!

Late in October, we will receive the list of kids we will sponsor and the list of of kids and the gifts will be available soon. So, if you would like to help with this gift giving effort, plan to select the child and the gift you want to sponsor. If you are not able to go out yourself, just let us know and we will purchase it and wrap it, and make sure it is included with our piles!

Select your gift, sign your name for that particular gift on our master sheet and take the tag with you (the sizes and details of your gift are written on the tag). This year you are able to wrap all gifts. However, make sure you return the package tagged with the gift number and name of the child. All gifts must be returned to the church by Sunday, December 8th.

Our Church is always one of the first organizations called to help. Nothing but compliments come in for the bounty that is shared by our group! Patrick and I are so very grateful for each and every one of you! Remember every little bit helps to make Christmas wonderful for these kids.

**All gifts are to be labeled with gift number & child name**

# Thoughts of the Ministers

## Ask

What you focus on expands! This statement is powerful and profound. When we look at the quantum nature of reality—how creation works— we create with thought in this dimension. Would-

n't it serve us to be aware of what we are dwelling on?

We all work with this concept when we want to manifest something or create a shift in our experience, i.e. vision boards, affirmations, and prayers. However, it is the awareness of this principle in our daily living that is paramount in creating the life we want to live.

Dreams, goals, and destinations can be the inspiration for a new experience, however, it is our action or participation we invest in the details of our experiences that truly make life happen.

The random tape of race consciousness is continually playing whether we are aware of it or not. Sometimes it's easy to be influenced by it's hypnotic spell. We have to be awake in life. The consciousness, I Am, allows us to choose—for our unique self. Choice comes with free will and true choice can only be ours if we are awake and the one choosing. This then entails being true to oneself in thought, word and deed.

How to accomplish this takes some soul searching. It's time to go within and ask the right questions. Meditation! In meditation we can connect with the Father within—that still small voice ever guiding us. Here is where we receive our true guidance.

A good first question could be "Who Am I?" The answer you receive will now come from within, not the outer world. The answer will be enlightening and the sense of love overwhelming. Our journey to know self and then the ability to express our unique love is why we are here. It is time to allow our love to express. It is time to know that we are the beloved of our Father, Mother, God—Love.

When we become conscious of our truth and surrender to love—any part we play will be perfect—the love of God made manifest.

What would our world look like if we all just focused on Love?

I can only imagine.

Thy will be done Father.

Peace,  
Patrick

## Trust

The times we are entering are filled with uncertainty on almost every level. Mother Earth is going through massive changes that will impact the lives of our grand-children and those that follow. She will not have the same patterns that we have known for many hundreds of years, but she will find a way to provide the sustenance to support life because that is her job.

We may have to adjust our usage of her resources and our interaction with nature, but we too will find a way to morph into a new relationship. But it will take time.

As we stand on the beginning steps, change can look daunting. We like the world we live in. We like the ease and convenience of the reality we have created. But the Universe is asking us to expand. We are being asked to collectively grow in our awareness of the power and responsibility that race consciousness has on all of the life forms that surround us. We are being asked to release our hold on the world of matter and to refocus on the possibilities of spirit. Patrick speaks to you of your personal possibilities to create a reality filled with love.

I am speaking to you about the global and universal responsibilities that our social structure has with the Universe.

Can we, as a planetary community, learn to see the interconnectedness with all of life?

We start with Patrick's guidance— Focus on Love. Then we take our place in the Kingdom of God consciousness— We Become Love.

Then we will be able to see that all of creation is an expression of God love. We will be able to allow life to reform to meet the needs of the whole— not just humanity. We will allow life to be guided and fulfilled by the spiritual love of our Angelic community. We will allow our vision to begin to encompass a greater relationship to our place in the Universe.

Our time of being held in the cradle of God's love is ending. We are being birthed into the active consciousness of morphing to meet a new reality.

And the success of this is reliant on the simplest of beliefs:

Focus on Love

Thy will be done Father.

My Love to all,  
Cindy

Receive

O my soul I want to know  
The wonders of this life  
I know it's more than meets the eye  
More than just struggle and strife

Our blessings are all around us  
There for those - with eyes to see  
Are we waiting for a wake up call  
To be what we can be

True beauty lies within our heart  
Waiting to be freed  
Dare we take a chance on life  
Or...chain ourself to need

Love can mend a broken heart  
Rebuild a broken bridge  
With eyes of love we see we're one  
Illusion - Now is done.

Peace  
Patrick
