## Merry Christmas

The Most Wonderful Season of the Year– The Celebration of the Christ!

As we open our hearts to this new Christmas season, we will celebrate the holy oneness that we share with Jesus the Christ and our Father/ Mother God. And, for us it is also important to feel that beautiful holy connection we have with each other. A church is it's family. The doctrine will alter and change, but the love of each person who contributes, participates and simply brings their lights through attendance and hugs are the Christmas lights that shine brightly at Inner Quest. And we are a family of love.

2024 has been a year of movement and change. And through it all, our church has held the light for each other. On a personal level, we have all felt the shifts. And in the middle of it all we have continued to look forward.

We graduated a Metaphysics Class, an Aquarian Class, and a Psychic Development III Class. We have offered a spectacular education to those seeking a greater understanding of who they are as spirit and their gifts to the world.

Now, at Christmas, we can take some time to celebrate the birth of Jesus the Christ, the Master of the Earth plane and Christ in full expression. We can celebrate the Son of God that He is, and embrace His path.

So, church family, we have several opportunities for you to bring your light and join with this Christmas love- \*Sunday Services & Tuesday Nights  
\*The Metaphysics of Christmas– Remember the journey of mankind together  
\*Christmas Eve Candlelighting– Join us in shining our lights for the world  
\*New Year's Eve Burning Bowl– Release and Recommit to your Special Journey.

This Christmas, let's come together as a powerful Family of God Love and create a space of pure love that will join all the other lights in the world to radiate out into the Universe! Let the Children of God be seen, felt and united in Christed Love.

### December's Therapy Stone Apricot Quartz

As we continue our healing journey with our crystals, December marks our fourth month!

Apricot Quartz is a stone of happiness! It brings luck, abundance and prosperity! The joy it stimulates brings a playfulness and a sense of being blessed.

In September, we worked with Man-gano Calcite to heal the heart wounds and release old patterns of pain.

In October, we worked with Honey Calcite to provide confidence and encouragement to accomplish.

In November, Amazonite was the stone that allowed us to heal physically and express our truth!

*Now, we are ready  
for the joy of living!*

Apricot Quartz is perfect for the Holiday Season. Get one for yourself and give as a gift. This is a crystal that will enhance your world. You will feel the warm, joyful energy as it promotes hope and *Good Cheer!*

All of these crystals are available for \$7 in our bookstore.

**“Jesus awakened the Christ light in Me!”**

Christmas is the wonderful time of year when every heart turns to love. Even those on our planet who do not worship God in a Christian way, open their hearts to love family and friends. Gift giving, and Feast Gatherings flow between the faithful and the unchurched. Love is in full bloom!

For the Metaphysical Christian, this is the time when we remember the “state of separation” mankind was in prior to Jesus’ coming. A veil had been created that kept us all from knowing our own Christed lights and love. It took a perfect master soul, the perfected Son of God to come and tear the veil. Jesus’ love reconnected all of mankind with God.

Today, we can’t imagine a world without the touch and love of Jesus. This makes us all the more grateful for the love he brought. Through his life and gift to the planet, we are all able to have direct access to our Father/Mother God. We are able to live heaven on Earth.

We welcome you with an open heart to join us, your Spiritual Family, as we gather this December to remember, to reignite our hearts in the Great Christ Love.

*“Fear not, for behold,  
 I bring you good tidings of great joy,  
 which shall be to all people.  
 For unto you is born this day in the city of David  
 a Savior, which is Christ the Lord.  
 And this shall be a sign unto you;  
 you shall find the babe wrapped in swaddling clothes,  
 lying in a manger.”* Luke 2:10-12

### It's Christmas! ....Again!

Every year at Christmas time, the angels of God's love and Glory come close to the earth. It may not be as grand an event as Jesus' entry, but the Universal love that covers our world is palatable. When this occurs and the veil thins, messages, inspirations and insights abound. People experience serendipitous blessings completely "out of the blue". We know that the angels have orchestrated every detail. Those who need love are brought to those who want to give love. And the cycle of Christmas energy continues!

This year, let's participate consciously! We can come and share our lights on Tuesday Nights. We can share our healing love with the world. We can expect messages from God about our mission in this world. Christmas is all about connecting in God love. Jesus Christ created the path through which we can be blessed and be used as a blessing.

**This year choose to be one with the Angelic Beings of Universal Love.  
One with Jesus Christ, One with Father/Mother God.**

## Tis the Season

Tis the season for remembering how loved we are by our Father/Mother God. Tis the season for remembering the gift of life that Jesus brought to the planet. Tis the season for remembering who we are. Tis the season for giving and forgiving. A change of heart changes everything. But here's the real blessing.

In my meditation with Jesus, I asked him what he wanted to share with us this Christmas Season. This was his response:

*"Blessings my Inner Quest family. I bring a message of love from our Father. You are all my beloved children, unique and loved in your being. The Inner Quest family is much more than you can understand. The love that is here far transcends race consciousness. This spiritual family is a seed of God's love that is beginning to blossom in this garden of life.*

*"You all have the opportunity to support one another in this love and in doing so you support the transformation in love that is happening on Planet Earth at this time. Seek to see daily the love in one another, and the wave of love grows—expanding far beyond the boundaries of this property. The living in love and light is God's will, and in this living, the Father is well pleased.*

*"Your mission statement: The Path Begins in the Heart" is your key to unlock the door to your destiny. Embrace each day knowing how loved you are, and your higher vision will pierce this illusion revealing the love you are.*

*"I leave you with the words I gave my disciples, "Love one another as I love you." I am with you always.*

My heart embraces this blessing for each and every one of you. I wish you all your highest and best this Christmas.

Peace,  
**Patrick**

## Merry Christmas

What a wonderful and magical time of year. This is when all of mankind opens their hearts to love, and turns their awareness to their Creator.

God is the one light, the one that we feel, and know that we are a part of. God, the one that Jesus brought us back into harmony and alignment with, God is.

Christmas magic lies in the fact that Jesus brought the unsullied love of God directly into the hearts and minds of the "regular" people. He showed them how to receive this love. He showed them how to be a part of this love. And with his life, He connected us all by opening the veil that mankind had created when they first wanted to live "their own way". He showed them that they were Spirit, not the limited human they had become. Now those that had once felt separated could now find their way home.

In our world today, the veil also thins during our Christmas season. The Angels of Christmas, the Angels of Eternal life, and the Angels of mankind work together to create a space where God's love can flow freely into race consciousness. We are all connected in a very real way to all of the Spiritual Energies as well as our own Spiritual Natures.

Miracles are easily accomplished. Hearts are receptive to the greater love, and sharing becomes a life style—even if just for this moment in time.

God and Man are one!

How powerful was the life of Jesus the Christ who came to re-open our awareness of our own divinity. And the gift that He gave—the thinning of the veil, the connecting of the human heart with Father/Mother God, this gift is eternal.

This Christmas take time to shut your eyes and allow the Christmas Angels to sing to your heart. Feel the welcome home as they touch your spirit with their love.

And then allow them to guide you to our

Creator. Father/Mother God will embrace your Being. There you will feel your Christ and your oneness with Jesus.

My Love to all,  
**Cindy**

**The Metaphysics of Christmas**

**December 15, 2024-**

**Sunday 7:30pm**

Once again, we will be presenting our very own “Metaphysics of Christmas” program. With message and song, you will feel the love of Jesus the Christ and

his great gift for mankind!

We will learn about:

***The journey of mankind on this planet.***

***How we got so focused on our individual natures.***

***How we all came to feel so isolated in our walk.***

Then we will see the great love God has for all of His children. Have you ever wondered-

***“How did we get here in the first place?”***

***“Why did God send Jesus, the Christ?”***

***“Why did we forget our Divinity?”***

The journey of man and the Christmas Story is an event honored by the Angels.

Join us for a fun filled evening as we remember the great love that created us and the great love that was given to us in Jesus’ coming. There is magic in the Gift of the Christ!

Mark Your Calendar and bring a friend to share in this evening of Enlightened Fun!

**Christmas Eve  
Candlelighting Service**

**Tuesday, Dec 24 at 7:30pm**

**The light of God’s love  
shines all around us,**

**but no place brighter than in our hearts.**

On this very Holy night, we gather to celebrate God’s Love and the Love of Jesus the Christ. We know when He was born, heaven and earth became one with His Love.

In our world today, it is such a wonderful opportunity to gather and celebrate our love for God and Jesus Christ as a family. We can always feel his presence and the presence of the celestial kingdom loving us and reminding us that we are truly the children of God. But when the family of man gathers, there is a true magical light that is created. The room is filled with a Celestial Light, and we can feel and acknowledge the Love of God within our own Hearts.

Our Candlelighting service is amazing! Together we will illuminate our world with Peace and Love. God is our Creator and Jesus Christ his Gift to mankind. Come and shine your light as we shower the world with love from our hearts. Be part of the beauty as everyone lights their candle in honor of the light still shining in each of us.
